Resource Guide

With an overwhelming amount of information related to COVID-19 available in the news and on social media, it is important to stay informed using trusted and reliable sources. Sharing accurate and timely information and resources can alleviate stress and anxiety and reduce the spread of misinformation.

This resource guide is meant to share accurate information and resources for the physical, mental, and emotional well-being of Kansas citizens. It is a result of a collaborative effort between state agencies such as the Kansas Department for Aging and Disability Services, Kansas Department of Health and Environment, Kansas Department of Agriculture, and the Kansas Division of Emergency Management. This resource guide can be shared with state, local, or community partners to increase both knowledge and availability of resources and services during COVID-19.

If you have questions or feedback about the resource guide please email devan.n.tucking.nfg@mail.mil.

For general questions about COVID-19 call the KDHE Hotline at 1-866-534-3463.
